

THE BIDDING AND CONTRACT PROVISIONS

Document Section 00 90 00 - Addenda and Modifications
(Standard Multiple and Single Contract Sets)

1. GENERAL NOTE

- 1.1 Assignment of Section Numbers. 00 90 00 is the CSI Section designated for the control and numbering of addenda and modifications. For purposes of accessibility and control, the documents will be assigned section numbers as shown in the following logs.
- 1.2 Insertion and Control. Since addenda and modifications are usually issued after the project manual and specifications are assembled and bound, it will not normally be practical to insert copies into this document. It is recommended, however, that the addenda and modifications be posted in the sections of the documents affected and that a complete extra set of the addenda and modifications be kept on file. The following logs for addenda and modifications, bulletins, etc. are provided to assist in the numbering, posting and control of changes to the Contract Documents.
