

UNIVERSITY OF ILLINOIS
PROFESSIONAL SERVICES RETAINER AGREEMENT POLICY
As of 7/28/16

PURPOSE

During the course of a fiscal year, a number of small capital improvement projects occur that require professional services and quick resolution. The purpose of obtaining retainer professional services is to improve the timing of delivery of services for these projects. In order to do this, the University has determined that it is in its best interest to retain the services of professional consultants to be available to assist on these projects. Firms under contract and “on call” will thus be available to respond to the needs of a project on a timely basis.

POLICY

- Procurement of retainer professional services agreements will be in compliance with the regulations of the Higher Education Procurement Rules of the Illinois Procurement Code, the University of Illinois Qualifications Based Selection Policy and the University of Illinois RFP Consultant Selection Policy. If the campus construction unit intends to hire more than one firm through a single procurement posting, the post must clearly state such intention and identify the selection criteria. Retainer professional services agreements and associated work orders must be initiated and coordinated by the campus construction unit.
- Each agreement will be for one fiscal year (ending on June 30 of the fiscal year) with options to annually renew for up to three additional fiscal-year periods (July 1 through June 30) for a total of 4 years.
- The Senior Associate Vice President of Business and Finance will approve firms recommended by the selection committee for retainer contracts. The UIC Vice Chancellor for Administrative Services, the UIS Associate Chancellor of Administrative Affairs, or the UIUC Executive Director of Facilities and Services and the Senior Associate Vice President of Business and Finance will approve the renewals and any renegotiated hourly rates.
- Unless otherwise stated in the professional services agreement and/or the award posted to the State Procurement Bulletin, retainer agreements may be used on individual projects with total project costs up to \$2,500,000 or with professional services fees up to \$500,000 per project. Any changes shall be approved in writing by the Senior Associate Vice President of Business and Finance.
- Unless otherwise stated in the professional services agreement and/or the award posted to the State Procurement Bulletin, the cumulative amount of an individual retainer contract which exceeds \$1,000,000 in fees per contract year will require Board of Trustees approval for all subsequent fees over the \$1,000,000 limit.
- Prior to executing a work order for services, the Campus Construction Unit must have completed a Project Data Summary, secured necessary project approval, and identified the source of funds for the project, including the account number against which the project will be billed, and clearly defined the scope, schedule and budget for the project.
- A Retainer Contract Work Order (see Attachment B) will be completed for each individual project.
- For individual pay requests, see attached Guidelines (Attachment A).
- Reporting will be generated by the University Office of Capital Programs and Real Estate Services from data in EDW as requested.
